THESE Powders have been used for three years with great success, and the undersigned would call the attention of the public to the fact that there is nothing that excels them for the cure of worms, kidney complaint, loss of appetite, coughs, colds, and leaves the system, in all cases, in a healthy condition. It is well to give a powder occasionally to animals that do not appear to be unwell, as it prevents the accumulation of worms and prevents internal diseases. Please see circulars for all particulars. DIAMOND SPECTACLES.

TRADE MARK

These Spectacles are manufactured from "MINUTE CRYSTAL PEBBLES" melted together, and are called DIAMOND on account of their hardness and brilliancy. It is well known that spectacles cut from Brazilian or Scotch pebbles are very injurious to the eye, because of their polarizing light. Having been tested with the polariscope, the diamond lenses have been found to admit fifteen per cent. less heated rays than any other pebble. They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles.

Manufactured by The Spencer Optical Manufacturing Company, New York. For sale by responsible agents in every city in the Union. H. A. HEATH, & CO., Jewelers and Opticians, are Sole Agents for Newport, R. I. From whom they can only be obtained. No peddlers employed. Do not buy any unless [illegible]

IN SCHOOL DAYS.

[SUGGESTED BY WHITTIER'S POEMS.]

I seem to see the country road
  Where stands the school house olden;
Its western panes, and icy eaves,
  Lit up by sunbeam golden.

The picture of that boy and girl
  Within my spirit lingers;
I see her golden drooping head,
  Her tiny restless fingers;—

Her face so full of grief and love,
  Her brown eyes' shy expression,
And hear her tearful, childish voice,
  Repeat its sweet confession.

Our poet yet again has touched
  The chords of deepest feeling;
Sweet mem'ries of our childhood come,
  Into our spirits stealing.

A priest of nature, he who tells
  Her secrets uttered never;
New England's hills, and vales and shores,
  Are linked with him for ever.

Yet while within our grateful hearts,
  His noble words are ringing,
We know with joy, his daily life
  Is sweeter than his singing.

And listening to his songs we feel,
  Though few may pass above him;
No heart his triumph can regret,
  When all so truly love him.

—Boston Transcript.

WORKING A POOR FARM.—A correspondent "having nothing to start with," purchased, on easy terms, "one of the poorest farms in the township," and made it productive. His plan is as follows: First, plow deep, then seed with wheat; in the Spring sow clover on the field; the Summer after I take off the crop, I pasture one season, and the next season I let the clover grow up and come out in bloom, and when the heads begin to turn brown, I take my three horse plow and break up the land nine inches deep; let it lie until the first week in September, then I take my two horse plow and go four inches deep, and then sow in wheat again. The year following, in the Spring, turn up for corn to the depth of nine inches as at first."

The Navy department seems to be a rather a windy affair. It was n t long ago that Grant appointed Borie—as Secretary; Porter, it is generally believed, is a good deal of a blow, and news has just reached us that Commander Breeze succeeds Captain Carter in the command of the midshipmen at the Naval Academy.

"The average salary of the sixty-one thousand Protestant clergymen in the United States is computed at $700 annually. Probably one third more of the whole receive not more than $500. According to Commissioner Well's report, a trained artisan receives for three hundred and thirteen working days an average of $4 per day, or $1,250 annually, almost double the payment of the clergy.—[*N Y Evening Post.*

In other words the average clerical salary is less than the wages, (now called *salary*) of a gardener in Newport.

STREET WATERING.

In a short time the watering cart will become again a necessity on our streets, and the old question arises, How many streets shall be watered? and who shall pay for it?

Sprinkled streets in summer are no luxuries, they are necessities. They add to the cleanliness of our persons and of our houses, and to our health. Serious disorders of the eye and throat are prevented by well laying the dust.

The more streets that are watered, the better it is for the public, and the fact that every street in the city cannot be watered by the city, is no reason why some should not be.

There are certain public streets that are used by all, and not only by those who live on them. To water all such streets from the City treasury is to expend the public's money for the public's good.

Broad street ought to be watered, as it is the only entrance and exit to and from the city on the land side. It is in constant use both by our own citizens and the people of other towns. It is in the fullest sense a public highway and is peculiarly liable to be filled with dust. Bellevue avenue and Bath road should be considered as parks rather than as streets. They are public walks and drives, and are used and enjoyed by every one. Kay street also ought to be watered. Both the comfort of all our citizens, and the reputation of the city demands that Long wharf shall be made as tolerable as sprinkling will make it. There are some other streets that the city ought to water, but these that have been mentioned are the most important.

There is another point to be considered in reference to watering the avenue. We do not believe that it is taxing the poor for the benefit of the rich, for all use the avenue, and all enjoy its use in proportion to its freedom from dust.

But even if a large number of people who live in this city and pay taxes never went onto the avenue, they could afford to pay for having it watered and kept in the very best of repair. It must not be forgotten that ours is a city of publicans. Hotel keeping is as much our commercial interest as cotton weaving is that of Pawtucket or Woonsocket. Every summer about five thousand persons spend some part of the summer here, and they are not generally persons of straitened means, either. Many of the families who have villas here, spend each summer fifteen, twenty, and twenty-five thousand dollars each. The total amount of money left in this city each summer by our guests is between $3,000,000 and $5,000,000, probably nearer the latter than the former sum. It becomes then a matter of profit and loss to us whether we will or will not make our city attractive to the residents of New York and other cities, especially those residents who have plenty of money, and spend it freely. Everything we can do to make our avenues and squares attractive and our city convenient of access and pleasant as a residence, but fulfils the commands of Iago and puts money in our purses.

The more guests we can get here, and the richer they are, the more money we bring into town, and the more we quicken trade. Let all the tax payers of Newport look at this matter in the broadest light. There is such a thing as penny wisdom and pound foolishness. Let none be afraid of internal improvements. If Newport is known as the finest American watering place her people will be the richer for it. Rely upon it, it is a good investment, to make our city beautiful and healthful, and one way to do both is to be generous with the sprinkling cart.

At the last meeting of the City Council the committee on highways reported in favor of putting the street watering appropriation into the appropriation for sundry expenses, and then allowing the street commissioner to attend to the matter of watering. The idea of this proposition was to have the watering more efficiently done, and to spend more than $3000 for it. Both these measures we approve of, but as the city solicitor has decided that street watering is not one of the city's incidental expenses, there is little use in discussing this part of the question. Let private enterprise make up for all that the city can not do. At all events let our streets be kept free from dust.

The Rev. Dr. Paddock was born in Connecticut—being the son of a worthy and honored clergyman of the Episcopal Church in that diocese,—and has scarcely passed the period of middle life. Since his entrance into holy orders he has been successively the principal of the Cheshire Episcopal Academy in Connecticut, pastor of a flourishing church in Norwich, of a large and prosperous parish in Detroit, and rector of the very great and influential parish of Grace Church, Brooklyn, a position from which he is called to the enjoyment of the honors now offered him. During the third of these incumbencies he was chosen by the house of bishops missionary bishop of Oregon, but declined to accept the position on account of his health.

Previous to his connection with Grace Church he officiated for a considerable time in the Emmanuel Church of this city, to the great acceptance of its congregation and communicants. Dr. Paddock has invariably met with excellent success as a parish priest, and has been steadily called to positions of higher trust and responsibility. He has been and is a member of several of the most important general committees of the church in the United States, as well as of that in his own diocese of Long Island, and has always performed his varied duties in these connections industriously, faithfully and satisfactorily. He is believed to be a good organizer and executive officer, a careful scholar, and an able, fluent and interesting speaker.

In his churchmanship he is of the moderate type, not differing much, perhaps, in position from the bishops of central and western New York, and being regarded by all the clergy as sound, conservative and sensible. Personally he is kind and tolerant in temper and attractive and genial in manners. Candor would not permit us to assert that Rev. Dr. Paddock will come to the high office of bishop of Massachusetts, if he accepts it, with as great a degree of prestige as would have belonged to either of the two eminent and much older divines who were the chief candidates of the convention of last December; but it may be reasonably expected that his episcopate will be marked by prudence, moderation and a most Christian and amiable temper. —[Boston Advertiser.

NEW ENGLAND NOTES.

Mr. James R. Osgood, the publisher, of Boston, has offered to furnish the art gallery at Amherst, Mass., with heliotypes of the famous Gray collection of engravings at Harvard College.

Professor Quimby, of Dartmouth College, began on May 6 his summer's work on the triangulation of New Hampshire. He will employ as assistants a number of students in the special mathematical course.

The Supreme Court at Portland has awarded two land owners on Cape Elizabeth $3632 for land taken by the government. They claimed $80,000.

Elder Vinal Lanpher, a Second Advent preacher living in Searsport, Me., is troubled by singular manifestations at his house. In one particular chamber invisible visitors play such queer games as tumbling the clothes on the bed, throwing the furniture about, and other pranks, much like the noise of the Newburyport ghost. This happens half a dozen times a day if things are set to rights as often. The elder is firmly persuaded that it is the work of the devil.

Ex-Postmaster Gillis of Hillsboro, N. H., on trial in the United States Circuit Court for robbing the mail, is declared not guilty on one count by the jury. The other indictments against him are postponed for trial.

The trustees of Dartmouth College, having instructed the faculty to reduce the number of the commencement speakers, E. L. Richardson and E. L. Gage have resigned, and the following appointees have been drawn off by lot: C. F. Bradley, J. H. Butler, C. B. Evans, A. S. Hall, J. H. Worthen.

Several cases of small-pox are reported at East Charlotte, but are all doing well.

The Rutland Herald says that, owing to pecuniary embarrassment, John Cain, late of the Courier, has been compelled to suspend payment.

Mr. William R. Wells of Calais, while working about the mill in that town, some four or five days since, had the misfortune to slip from a plank and fall five or six feet. Although able, immediately after regaining his feet, to resume work for a short time, he received such internal injuries that he soon took to his bed, and died on Tuesday.

Pittsfield, Mass., has another trichina scare, and the doctors are investigating.

The Lowell, Mass., city government has voted to instruct the city marshal to enforce the liquor law, Mayor Jewett having the casting vote.

Rev. George W. Green of Berlin is soon to remove to Boston to assume his duties as assistant minister of the Chapel of the Good Samaritan.

There is to be a meeting of trustees and others at South Framingham, Mass., campmeeting grounds, for the purpose of selling cottage and society lots.

A. P. Stone, principal of the high school at Portland, Me., has been elected superintendent of schools in Springfield, Mass., and has accepted the position at a salary of $3500 a year.

The largest cargo ever brought into the port of New Haven has just been discharged there. It consisted of 70,000 gallons of molasses.

Frederick Hartung, a New Haven grocery merchant, was found drowned on Tuesday, and is supposed to have drowned himself from mingled domestic trouble and drink.

A Boston watch-repairer named Hughes, ate an $1800 dinner at New Haven, Wednesday. While he was eating it some thief made off with his case, containing thirty watches, leaving no clew.

Hartford people are getting excited over the small-pox. There are several bad cases in the city, and quite a number just outside, and the citizens complain that the authorities pay no attention to the matter.

A large meeting of prominent citizens was held at New Bedford, Wednesday, in the interests of the New Bedford and New York Steamship Company, which proposes to increase its capital stock from $75,000 to $400,000, and to run a daily line of steamers between that port and New York, as soon as the extension of the wharves of the New Bedford railroad is completed.

During a thunder-storm at Provincetown, the houses of Robert Alexander, Curtis Doane, Isaiah Young, Henry Pierce and Mrs. Frengan were struck by lightning, but not seriously injured, except Mr. Pierce's, from which the family were obliged to move at once. Three vessels were also struck. Several persons were rendered insensible for a considerable time.

A commission for testing artificial fertilizers, recently appointed in New Hampshire by the Agricultural College, the State Agricultural Society and the county societies, met in Concord on Wednesday, and organized by electing Judge H. R. Roberts of Rollinsford, chairman, and J. O. Adams of the State board of agriculture, secretary. They have made arrangements for thoroughly testing artificial manures, including two kinds extensively manufactured at Lisbon: called the Grafton county fertilizer and the Stevens fertilizer, of which large quantities are sold yearly.

LOCAL AFFAIRS.

—It is time to make your flower beds.

—The children are having a vacation of two weeks.

—Rev. Dr. DeKoven officiated at Trinity Church yesterday.

—The nomination of Chief Engineer and Board of Firewardens occurs this evening.

—There are fifty inmates at the Asylum at present.

—Stephen G. Chase will act as dog constable, in place of Murray Carr, declined.

—On Saturday afternoon, the Resolutes beat the Niagaras 36 to 12.

—There are about enough carriages awaiting the arrival of some of the steamboats to cart the boat, passengers and all.

—There were alarms of fire on Saturday and Sunday evenings, at which many of the engines were out.

—A heavy smoke was seen over the Narragansett country yesterday, cause unknown.

—McClennock, the soldier arraigned Saturday for drunkenness, paid his fine and costs this morning and was discharged from custody.

—The person who started the alarm last evening is wanted at engine house No. 2, or at any other engine house. There are some firemen who want to see him.

—Mr. George N. Winterhalter is prepared to furnish cakes, ices, and confectionery of the best quality and at reasonable prices.—Read his advertisement and patronize him.

—The steamer Eolus did not make her morning trip today, owing to the fact that the Government inspectors are examining her boilers. She will make her afternoon trip

—John E. Owens and troupe will be here this evening, "positively for one night only." The 'Live Indian" has a national reputation, and will probably fill the Opera House to-night.

—People who go out driving in the evening must be careful, as the lanterns at the corner of Atlantic and Clay streets, and opposite Mr. Bruen's house on Bellevue avenue don't burn.

—The steamer A. T. Serrill, Capt. Russel, made an excursion to this city yesterday, from Providence. She had on board about fifty persons, and, after spending the day here, returned about 6 o'clock p. m.

—The clerk of the weather has evidently had the benefits of a religious education. He operated his sprinkler during both the morning and the afternoon services, yesterday, but had it all clear at the time of going to and from church.

—William Hammett on Saturday caught 28 pickerel at the "creek" on Easton's Pond. Some of them weighed nearly a pound each, and we believe it is the largest haul that has been made this season. The boy who caught them is but about thirteen years of age.

—An interesting Sunday School Concert was held last evening at the Thames street M. E. Church. The spacious building was filled, and the exercises, which consisted principally of singing, and reciting scriptural verses, were of an unusually pleasing character. A. C. Titus is the efficient superintendent of this school, and he evidently is the right man in the right place.

Portsmouth.

RELIGIOUS.—On Sunday afternoon Rev. George W. Morrill preached his first discourse since his ordination. His text was Heb. 12; 1, 2. In the evening the pulpit was supplied by Mrs. Morrill. She gave an address from the text "God is love." The address was somewhat long but was delivered in an eloquent manner. The assertion was made that woman is the superior of man.—After the discourse the opinion of a clerical gentleman who was present was asked as to the truthfulness of the assertion, when he quietly and playfully answered, "that is only a woman's opinion about the matter."

STATE MISCELLANY.

The Phenix Village Savings Bank held its annual meeting on Monday, and re-elected the old board of officers. This institution is in a flourishing condition. The directors have declared a dividend to the depositors on the business of the last six months, at the rate of eight per cent., beside reserving a surplus.

An adjourned fire meeting was held in Phenix Village, on Wednesday evening, to hear the report of the soliciting committee, who reported about $3,000 subscribed. Additional committees were appointed to endeavor to raise money for the purchase of the hand engines.

At the annual election of officers of the West Greenwich Cadets, on Monday, the following officers were elected for the ensuing year: Colonel—Henry A. Shippee; Lieutenant Colonel—George Whiteman; Major—George Fish; Captain—Joseph Money Jr.: 1st. Lieutenant—John A. Shippee; 2d Lieutenant—Oliver Brigg; Clerk—Pardon Hopkins.

The Coventry Union Temperance Society held its forty-fifth anniversary in Anthony village.

A special town meeting was held in the town of Pawtucket on Thursday, and a resolution was passed instructing the town's delegation in the General Assembly to resist and oppose all efforts looking toward a union of the different parts of the village.

As the Boston freight train was backing and filling at the Pawtucket station just before 3 o'clock Friday afternoon, a portion of the train was unshackled from the remainder and set off on a switch, but the switch was not long enough to take on the whole train and clear the main track, so that when the rear of the train, which was following a short distance away, came along, a collision occurred.

The ordinance of baptism was administered Sunday at noontime, at the foot of River and Division streets in Pawtucket. The service was conducted by Rev. Mr. Boyd, pastor of the Free Baptist Church.

The Steamer Eolus will make an excursion from Wickford to this city, on Wednesday next—It being circus day. She will leave Wickford at 9.10 and this city at 5.30. Fare for the excursion 50 cents.

Henry L. Sheldon, formerly of the Newport Herald of the Times, who left this city thirty one years since to go into other business, is now editor in chief of the Sandwich Islands Commercial Advertiser, published at Honolulu.

A day or two ago John Kelly, a brakeman on the Hartford and Providence Railroad, was arrested in Hartford for the theft of various articles of freight. Some of the stolen articles were found in his possession. He was held in $200 bail for trial.

Steamer Florence, Capt. Taylor, makes the first trip of the season on Monday, May 20th, leaving the pier at half past 8 in the morning, returning, leaves this city at 4 in the afternoon, which will be the time table on Tuesday 27th, while on Wednesday, 28th inst., she will leave this city at 7 A. M. and the pier at 4 P. M., and on or about the 10th of June commence to ply regularly three times a day between the two watering places.

Secretary Robeson, having received a despatch from St. John's that the harbor is now clear of ice, has ordered the gunboat Frolic to sail from New York at once to bring back the Polaris crew.

The West Point cadet from the Fifth district of New Jersey is to be John J. Brereton, a member of the Patterson High School, and the son of a railroad baggage-master; a board of examiners having unanimously recommended his appointment to the congressman for the district, Mr. William Walter Phelps.

The Auburn Theological Seminary Trustees, by a vote of 24 to 10, having agreed to accept Colonel E. B. Morgan's offer of $500,000 and transfer the institution to Aurora, unless the citizens of Auburn will raise $225,000 within 60 days to support it in its present location. In the latter event, Colonel Morgan will present it with $75,000.

Gen. J. W. Foster, United States Minister to Mexico, has delivered an address at the New Orleans Chamber of Commerce, on the best means of promoting our commercial and social relations with Mexico.

In compliance with a recent order, New York Captains of Police have sent in lists of liquor saloons in their precincts. The returns completed to-day, show the total number of saloons in the city to be 8,403, or nearly one saloon to every 100 persons.

Wm. M. Tweed was before Justice Davis on Friday, in the Court of Oyer and Terminer. District Attorney Phelps moved that Tweed plead to fifteen indictments found against him in February last. Tweed's counsel opposed the motion, and it was finally agreed that the defendant plead not guilty, with leave to interpose another plea within ten days.

The Western Union Telegraph workmen are now laying a new wire from White River Junction, New York, and have already reached Springfield, Mass., between which city and New York there will be nine wires by five different routes, when this last one is completed.

Gen. Farnsworth's "back pay" has been rejected by the citizens of Kane county, Ill., to whom he presented it, and they will return it to the United States Treasury. The Springfield Republican suggests that Vermont might administer a similar rebuke to Senator Morrill.

It is expensive to trifle with life and property on railroads in England. A recent report made to the House of Lords shows that from 1867 to 1871 over $8,000,000 in gold was paid by railroad companies for injuries inflicted on passengers, and during the same period $11,742,840 was paid for compensation on account of property destroyed. The total aggregate would be considerably in excess of $20,000,000 in our currency.

Chapman & Hall, of London, deny the statement recently made, that arrangements have been entered into with them for the publication of the works of Dickens in Welsh.

Mr. George Smith telegraphs from Mosul, under date of April 26, to the Daily Telegraph, London, that in his explorations at Nimroud, he has discovered a perfectly new text of the annals of Tiglath Pileser.

M. Quad Lewis, a Detroit journalist, has a romantic history. By being blown up on a steamboat he was enabled to "realize" handsomely on a damage suit. With his hard-earned capital he entered a country printing office, where he afterward wrote an account of "How it feels to be blown up," his first effort in literature. The sketch had a great run in the newspapers, and Quad, astonished, kept on writing. He is now one of the sparkling writers of the Detroit Free Press, and concocts romances of seventy-five chapters for the literary weeklies at an enormous salary.

ARTIFICIAL STONE.—The London Society of Engineers has been investigating the merits of a new kind of artificial stone composed of sand, boulders and chemicals. The sand is dried by the application of heat to a piston or shaft, through which the sand percolates at the rate of one ton per hour; this drying of the sand at starting being necessary, in order to ascertain exactly the amount or effective force of the mixture employed.

The boulders are obtained from the sea beach and are plunged into huge boilers, or digesters, filled with a solution of caustic soda, which, operated on by heat, generally reduce the hardstones to a liquor resembling in consistency and color stationers' gum. It is said to obtain sixty per cent. of silicate and thirty-three per cent. of soda.

To get rid of the soluble properties of this liquid, and at the same time retain its cohesive properties, it is compounded with chloride of calcium, and being thus made cohesive and insoluble, it is poured into a mixing mill, along with sand, and presently sparkles with crystals.

Transferred to moulds, it is made to assume any pattern or form desired, and is then carefully placed in a bath, where its becoming hard is a question of only a few moments, and the hardness of composition was shown by the application of a hammer to a four-inch cube, which had been exposed to the atmosphere for three months, and which stood a pressure of sixty-three tons before it broke.

HORSE-RADISH AS A FIELD CROP.—It is well known that a large amount of horse-radish is used as a relief after being grated and put with vinegar, and that, as a consequence, there is a great demand for the root. To be sure ground turnip is wickedly used to make up the deficiencies, and those who consume it may not be aware of the fact.

This demand has led gardners to the cultivation of horse-radish as an extensive garden crop. It is propagated by the root. Though it flowers, it seldom matures its seed. A small section of a root will readily grow. It requires a rich, alluvial soil, or sandy loam. The soil should be free from stones, roots and other hard substances. It requires a growth of two seasons before cutting the root. After that time it is not easy to kill out the plant by digging the root. It is the great complaint of its cultivators that it cannot be readily killed when once it has a well rooted hold in the ground.

The Army and Navy Journal makes a good suggestion in saying "the Centennial Celebration will draw thousands upon thousands to the birthplace of freedom, and nothing will excite greater emotion and affection than to gaze on, and tread the decks of freedom's cherished child, the "Old Constitution." Why not have her rigged and equipped, officered and manned, ready for action, and a national salute fired from her in honor of the Centennial Anniversary? Let her wooden walls be decorated with the names and portraits of Nicholson, Barry, Hull, Preble, Chauncey, Decatur, Rodgers, Porter, Bainbridge, Stewart, Shubrick, Jones, MacDonough, Morris, and Lawrence, those naval heroes who have honored her quarter-deck."

VARNISH FOR HARNESS.—Pulverize and put in a jug or bottle half a pound to a pound of gum shellac, cover with alcohol and cork tightly. Put the mixture in a warm place. In about two days, if shaken frequently, the gum will be dissolved and ready for use. If the liquid appears as thick as thin molasses add more alcohol. To one quart of varnish add one ounce of good lamp-black and an ounce of good camphor. An occasional coat of this is also good for rendering boots waterproof.

Manifest Absurdities.

Is there any good reason why the dictates of common sense should be disregarded in medical practice? Surely not. Yet how literally they are sometimes set at naught in the treatment of dyspepsia, liver complaint, constipation, nervous prostration and general debility. How often are powerful purgatives, emetics and salivants given in cases of indigestion, bilious colic and costiveness, when the disease has already robbed the patient of strength he needs to combat with the attack. The absurdity of giving debilitating medicines to sick people who are too weak already, is so manifest, that it is astonishing how any sane man can believe in such practice. The rational course under such circumstances is to administer a tonic and regulating medicine, and the experience of a quarter of a century has proved that Hostetter's Stomach Bitters is the most wholesome and efficient preparation of this class to be found in the medical repository. It is, however, something more than an invigorant and a regulator. Its properties as an aperient and anti-bilious agent; its vitalizing and purifying effect upon the blood; its utility when given as an anodyne, instead of laudanum, or chloral, or digitalis, or some other stupifying narcotic; its tranquilizing tendency in spasmodic affections, and its palatability, as contrasted with the sickening pills and potions of the pharmacopœia, certainly entitle Hostetter's Stomach Bitters to be called the most comprehensive remedy in existence.

CONSUMPTION CAN BE CURED.

SCHENCK'S PULMONIC SYRUP,
SCHENCK'S SEAWEED TONIC,
SCHENCK'S MANDRAKE PILLS,

Are the only medicines that will cure Pulmonary Consumption.

Sometimes medicines that will stop a cough will often occasion the death of the patient. It locks up the liver, stops the circulation of the blood, hemorrhage follows, and in fact, clogging the action of the very organs that caused the cough. [illegible] Many are now complaining with a dull pain in the side, the bowels sometimes costive and sometimes too loose, tongue coated, pain in the shoulder blade, feeling sometimes very restless, and other times drowsy; the food that is taken lies heavily on the stomach, accompanied by acidity and belching of wind. These symptoms usually originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly stopped, the lungs, liver and stomach clog, and remain torpid and inactive, and before the patient is aware of his situation, the lungs are a mass of sores, and ulcerated, and death is the inevitable result.

Schenck's Pulmonic Syrup is an expectorant which does not contain any opium, nor anything calculated to check a cough suddenly.

Schenck's Seaweed Tonic dissolves the food, mixes with the gastric juice of the stomach, digests easily, nourishes the system, and creates a healthy circulation of the blood. When the bowels are costive, skin sallow, and the patient is of a bilious habit, Schenck's Mandrake Pills are required.

These medicines are prepared by Dr. J. H. SCHENCK & SON, Northeast corner of Sixth and Arch Streets, Philadelphia, Penn., and for sale by GEO. C. GOODWIN & CO., 38 Hanover street, Boston, and John F. Henry, 8 College place, New York, Wholesale Agents.

For sale by Druggists generally.

Conanicut Park.

PERSONS desiring Cottage Lots at this new watering place, will do well to call on the agent of as early a day as possible. In view of the improvements in progress, prices will very soon be advanced. Those who are asking themselves as to the probabilities of realizing a profit on a real estate investment at this point, should consider the following facts:

The company owning the property is made up of men of enterprise, who will expend all the money that is necessary to make the Park one of the most attractive places in the country. They are already building one of the largest and most substantial wharves in the bay, and it will be ready in a few weeks, when all the Providence and Newport steamers will make a landing. The hotel will be in readiness for guests on or before the first of July. Eight or ten cottages will be erected in time for occupancy the present season. Several miles of streets are already made, and a large number of workmen are engaged in building others. The engineers have laid out the property in good taste, dividing the land into Parks and drives, one of the main avenues extending along the shore more than three miles, making one of the finest drives in the country. The lots on Summit and other avenues have a view of the opposite shores, from Narragansett Pier to Wickford, Greenwich, Rocky Point, Bristol, Portsmouth and Newport, affording a prospect of some fifty miles extent along the water's edge, and enabling the spectator to look into eleven different townships without changing his position. These and other advantages afford a guaranty of the success of the enterprise especially as the first purchasers buy at so small a price. Lots have already been sold to parties in New York, Boston, Philadelphia, Providence, Taunton, Bridgewater, &c.

The plat may be seen at the office of the undersigned at No. 13 Church Street.

MONDAY, MAY 19, 1873.

GENERAL NEWS.

NEW YORK CITY.

NEW YORK, May 18.—The announcement yesterday afternoon that Governor Dix had signed the bill legislating out of office the police-justices of this city, created considerable excitement among the smaller and more notorious politicians, to whom the bill is of even more practical importance than the new charter.

The bill provides for the appointment by the mayor and confirmation by the aldermen of two police justices at annual salaries of $8000, any citizen under 60 years of age being eligible.

EIGHT HOURS.

The trades-union delegation appointed to take such action as to compel Vanderbilt to adopt the eight-hour system on the 4th avenue works met last night. A report was submitted that a prominent lawyer has offered to conduct a test case free of charge. A certain number of men are to obtain employment on the road, and then refuse to work more than eight hours per day, and so ground the test case.

THE OYSTER WAR.

The oyster schooner Henriatta Scott was captured by the Connecticut authorities Friday, and taken to Stratford, where charges will be preferred against her captain for dredging oysters in Connecticut waters, the vessel being owned in New York State.—The case will be made a test to settle the controversy relative to the ownership of the waters of Long Island Sound.

ANNEXATION.

Governor Dix will tomorrow veto the bill providing for the annexation of the lower part of Westchester county to this city, on the ground that it has not been formally submitted to a vote of the people of the city. Mayor Havemeyer opposed the bill on the same ground, though the opponents of the governor say that the veto is secured through Trinity Church influence.

The National Rifle Association has voted to open its new range at Creedmore, L. I., June 5, when all commissioned officers of the New York, Connecticut and New Jersey militia are invited to be present. Governor Dix will be master of ceremonies and is expected to participate in the shooting match.

Chief-Justice Chase's will gives $10,000 each to Dartmouth College and the Wilberforce, Ohio, University, $6000 to his niece Mrs. Jane Ould of Painesville, Ohio, and divides the remainder of his estate equally between his two daughters.

THE TEA TRADE.

A leading tea importer says the total loss to the trade in this city in consequence of the present impression will be at least ten million dollars. More failures are expected, since only the strongest houses can stand the continued depression and stagnation of business combined, with the high rates of money for carrying stock.

FROM WASHINGTON.

WASHINGTON, D. C., May 16.—John P. Williams and J. W. Ganins, who were sent several months ago to the Red Cloud agency to prepare the Indians for the building of the Northern Pacific Railroad through their country, report to the Indian bureau that they have had a "big talk" with the representatives of a large number of savages; and while the latter do not express decidedly a hostile disposition, they are nevertheless opposed to the project. They say that they want no white settlers on their lands, except traders, and they will counsel with their people relative to the railroad through their country.

IN DANGER OF FIRE.

WASHINGTON, D. C., May 18.—The archives of the southern claims commission were jeopardized for the third time by fire today. The proofs filed in support of several thousand claims against the government were gathered at great expense to the government, and their loss could not be repaid and would subject the government to great extortion.

CIVIL SERVICE.

At a meeting of the advisory board of the civil service next Wednesday, Secretary Richardson will submit his plan of modifying the rules, and a system prepared from practical experience in the department, finding the present plan not only defective but seriously objectionable. He has great hopes that his plan will be adopted. He states that the head of the Treasury will devote attention to furthering the interests of the mercantile community, and invites merchants to suggest improvements in their localities, which will be carefully considered.

FOREIGN INTELLIGENCE.

LONDON, May 18.—A despatch from Tiflis of the 17th, confirms the news that Khiva was taken, and says the Khan was made a prisoner by the Russians, who have sustained only a slight loss.

The resignations of MM. Goulaud and Simon of the French ministry have been accepted.

ROME, May 16.—The Pope to day received the French legation and a deputation of foreigners. The Pope's condition is still feeble, but the indications of improvement are satisfactory.

A demonstration was made in Florence yesterday against the policy of the ministry of the religious corporations bill. A large crowd collected and began to act in a disorderly manner, when it was dispersed by the police. Several persons were arrested.

The Chamber of Deputies to-day approved the first clause of the bill suppressing religious bodies in Rome, by a vote of 386 against 152. Fifteen deputies were absent when the vote was taken. The second clause, with an amendment offered by Signor Ricolasi, granting the Pope 400,000 lires annually, for the maintenance of generals of orders, was adopted by a vote of 220 against 193.

MISCELLANEOUS.

PROVIDENCE, R. I., May 18.—Thomas Congdon of this State, ship mate of the ship Isle of Wight, was fatally stabbed by the steward on March 31, while the ship was lying in the harbor of Rangoon.

NOTICES.

Notice.

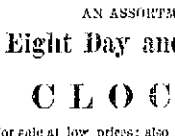

AN adjourned Meeting of the lot owners in Island Cemetery will be held at the State House, Monday Evening, May 19, 1873, at 8 o'clock, to hear the report of the Committee on the Revision of the Charter, and to consider the proposition to remove the present fence between the Old Burying Ground and Island Cemetery.

MONDAY, MAY 19th,

DR. LIGHTHILL

Will open a Branch Office at the

PERRY HOUSE, Newport,

To be continued daily until

JULY 1st.

And to be presided over by his associate

Physician from Boston,

Dr. Henry J. Sweny,

who will be in daily attendance and active practice during the above time.

The office will be supplied with a similar apparatus as is used in the Boston office, by means of which medicated applications can be made to the Lungs and the remote parts of the throat and head without the least pain or inconvenience, thus patients can receive the same attention and treatment in Newport as is rendered in Boston.

Physicians and others interested in this scientific and successful mode of curing Catarrh, Deafness and Diseases of the Throat and Lungs, are cordially invited to call.

CONSULTATION FREE.

Office hours from 9 A. M., to 12 M., and from 2 P. M., till 5 P. M. Evenings from 7 till 8.

From Mr John H. Crosby Jr., of Newport, R. I.

DR. LIGHTHILL:

For several years I have been afflicted ozenae, or a severe offensive catarrh, which has been a source of great annoyance to me. The discharges were very offensive, the obnoxiousness would almost be suffocating. During the two months I have used your treatment all these symptoms have disappeared and I cheerfully recommend you to others similarly afflicted.

JOHN H. CROSBY, jr.

From Mrs. Joseph Bateman, 9 Kay Street, Newport.

Dr. Lighthill's treatment for catarrh has done me a great deal of good during the short time I am using it, the dropping in my throat has stopped, my head feels clear, and I feel a great deal stronger and healthier than before. I have had the catarrh ever since I was seven years old, am now over sixty. I earnestly recommend the treatment to all sufferers from catarrh.

MRS. JOSEPH BATEMAN.

From Mrs. C. S. Davis,

No. 9 Kay Street, Newport.

My daughter who has had the catarrh for five years has been treated by Dr. Lighthill for two months with good success. The hardened discharges which annoyed her very much, and which required great exertion to expel, have ceased to form. The treatment was a painless one, and easily applied.

MRS. C. S. DAVIS.

From Mr. James H. White, 317 Thames Street, Newport.

Dr. Lighthill's treatment in my case of catarrh was in the highest degree beneficial. It has relieved the dropping in my throat, together with the other disagreeable symptoms attending this complaint. I cheerfully recommend it to the people as a painless and efficient one.

JAMES H. WHITE.

From Capt. Benjamin Brayton,

BRISTOL, R. I.

DR. LIGHTHILL:

Last Fall you cured my catarrh, and up to this my head has felt perfectly clear and well, so that I can now sleep with my mouth closed.

BENJAMIN BRAYTON.

From Mr. Joseph Smith

OF NEWPORT,

Dr. Lighthill's treatment for the cure of Catarrh has been highly beneficial in my case, which was of long standing.

JOSEPH SMITH,
Tews Court.

Mr. Arthur Boyd,

Residing on Bath Road, Newport, certifies as follows:

This is to certify that I was almost blind with an inflamed eye, and that I was very weak and exhausted, scarcely able to be about, and while other means failed to give me relief, Dr. Lighthill in two weeks' time restored my sight, healed my eye and now I am strong and well again to be about my usual business.

ARTHUR BOYD.

MONDAY, MAY 19, 1873.

PROFIT IN FEEDING SHEEP.—At a recent meeting of the Farmers' Club in Batavia, Genesee County, New York, Mr. George Burt presented the following definite statistics relative to the cost and profit of feeding sheep for market: He paid for 200 sheep for fattening, $915; for keep, two months, $64; 8 tons of hay, at $16 per ton, $128; 4 loads of corn-stalks, $16; 148 bushels of corn, 60 cents per bushel, $88 80; one barrel of salt, $3; interest on money invested, $20 75; total $1,227 55. January 4, he sold 171 sheep, at 8 cents per pound, $1,622 40; 28, at 6 1-8 cents per pound, $181 70, one pelt, $1 50, total, $1,705 60: profit on the 200 sheep; $478 14.

Mr. Burt holds that sheep, in winter, should be kept in small flocks, in yards where they can have free access, at all times, to water; that they should be kept free from all disturbing or exciting causes; that open sheds are better for them than a close barn; and that it is best to feed grain to them whole.

AMERICAN AND FOREIGN PATENT

R H EDDY

SOLICITOR OF PATENTS,

For Inventions, Trade Marks, or Designs,

No. 76 State St., opp. Kilby St. Boston

AFTER an extensive practice of upwards of twenty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with dispatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE.
Late Commissioner of Patents."

"MR. R. H. EDDY has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JOHN TAGHART."

THE GREAT SOUTH AMERICAN JURUBEBA BLOOD PURIFIER

is unequaled by any known remedy. It will eradicate, extirpate and thoroughly destroy all poisonous substances in the Blood and will effectually dispel all predisposition to bilious derangement.

Is there want of action in your Liver & Spleen? Unless relieved at once, the blood becomes impure by deleterious secretions, producing scrofulous or skin diseases, Blotches, Felons, Pustules, Canker, Pimples, &c. &c.

Have you a Dyspeptic Stomach? Unless digestion is promptly aided the system is debilitated with poverty of the Blood, Dropsical tendency, general Weakness and inertia.

Have you weakness of the Intestines? You are in danger of Chronic Diarrhœa or Inflammation of the Bowels.

Have you weakness of the Uterine or Urinary Organs? You are exposed to suffering in its most aggravated form.

Are you dejected, drowsy, dull, sluggish or depressed in spirits, with head ache, back ache, coated tongue and bad tasting mouth?

For a certain remedy for all of these diseases, weaknesses and troubles; for cleansing and purifying the vitiated blood and imparting vigor to all the vital forces; for building up and restoring the weakened constitution USE

JURUBEBA.

which is pronounced by the leading medical authorities of London and Paris "the most powerful tonic and alterative known to the medical world." This is no new and untried discovery but has been long used by the leading physicians of other countries with wonderful remedial results.

Don't Weaken and impair the digestive organs by cathartics and physics, they give only temporary relief—Indigestion, flatulency and dyspepsia with piles and kindred diseases are sure to follow their use.

Keep the blood pure and health is restored.

New York Patent Carpet Renovating Co.

ARE now ready to receive orders at their office. Carpets cleaned and restored to their original beauty and brightness, without removing the same from the floor.

CERTAIN AND INFALLIBLE.

The process by which this extraordinary result is obtained is one of the most important revolutions in DOMESTIC ECONOMY.

However soiled your Brussels, Velvets, Wilton, Axminster, Moquet, Ambusson, and other carpets or Rugs may be; be they covered with Dust, Dirt, Grease, or Coal Smoke, with this process, the same can be made clean and bright and apparently as new as when delivered from the hands of the manufacturer.

THIS GREAT DESIDERATUM

is obtained without removing the carpet from the floor, or requiring the removal of Furniture from the room, a convenience which every Housekeeper will appreciate. The old system of Carpet beating and shaking will free a carpet of loose dirt only, the dirt which has hardened the wool and defaced the colors as well as grease stains and coal smoke will not be removed.

WE CAN POSITIVELY STATE,

No matter how old and soiled a carpet may be as long as the nap is not injured, the same can be restored to its original beauty.

Circulars and references of the many who have tested our process, can be had at the office No. 13 Thames Street, Newport.

THE OLD HARTFORD.

THE Hartford Insurance Company has just made its ONE HUNDRED AND TWENTY-SIXTH Semi Annual report, which shows the condition of the Company on the first day of January, 1873, as follows:

Capital	$1,000,000 00
Total Assets,	2,201,396.54
Total Liabilities,	128,103.25
Nett Assets,	1,776,293.32

With this handsome surplus of over three quarters of a million dollars, over and above its capital, it will be agreed that the "OLD HARTFORD" is all right, notwithstanding the Boston fire.
